

GLOBALAW TALKS... ESG

Globalaw Talks focused on ESG during the month of March. If you missed the posts, here's a quick role up:

- Almeida Advogados published important guidance on the ESG movements in 2023 and their impact on businesses. Read the full article here: [2023: the first major milestone for Brazilian ESG.](#)
- Ahlwat & Associates published important guidance on the ESG holistic framework and reporting requirements that companies must implement. Read the full article here: [Transforming Investment Landscape in India.](#)
- DMS Legal published important guidance on the impact of the amended Corporate Sustainability Due Diligence (CSDD) on large companies in the EU. Read the full article here: [Due diligence in the supply chain - new obligations for companies.](#)

Next month Globalaw Talks will focus on artificial intelligence, followed by Intellectual Property in May. Get your submissions in now [here](#).

#30YEARS

Since 1994, Globalaw has focused on providing legal services around the globe and has grown steadily with a continued focus on quality and commitment. Initially, Globalaw began with 3 member firms and now, we have over 80 firms as part of our network worldwide.

Keep your eye out for upcoming news on 30th anniversary projects, challenges, and events as we celebrate this milestone.

---	--	--

MEMBER SPOTLIGHT: MALTA

- Member firm: EMD
- Member jurisdiction: Malta
- Representative office: Libya
- Key Globalaw contacts: Dr. Pierre Mifsud and Lisa Vassallo
- Practices: broad commercial and high net worth (HNW)

Firm Culture: EMD employs lawyers and staff from around the world and celebrates that diversity routinely. Whether its through various lunches, where employees cook food to share from their native countries, or planned social events, the group is clearly based on relationships - relationships which allow firm members to work strategically across teams and provide the type of integration that makes legal advice seamless.

Creativity and Problem Solving: EMD formed a technology company and its own software suite to assist with resource planning (ERP) systems, payroll and procurement!

Exemplary matter: Establishing the Ritz Carlton cruise line, from physical space to vessel finance/registration, employment and the rest of the works!

What makes them special: a diverse, supported, integrated, and dynamic team of professionals working in a special environment from their historic offices in the heart of Valletta!
